Kennel Hand - Animal Attendent

Every Cat Matters

For over 50 years Cat Haven has been an integral part of our local community. Within this time hundreds of staff and volunteers have been committed to rescuing, rehoming and raising awareness for cats all over WA.

Building from the Grounds up

The Grounds Team is integral to providing and coordinating many of our core services. Their department have a hand in every cat that we receive and will assist in determining whether a cat is able to be rehomed. They recognise when a cat requires further diagnosis and will request assistance from our on-site clinic as well as administering basic treatments where required.

Our Grounds Team is also responsible for the co-ordination of adoptions and helping rehome the cats they so carefully look after. They maintain the cleanliness of our new cat-condo accommodation set-up and ensure that every cat is treated with the utmost care and attention.

How can you Help?

We are looking for a person to take the role of Kennel Hand on a casual basis. Kitten season is upon us, and we are currently experiencing higher than normal volumes so would appreciate someone who could work up to 4 or 5 shifts per week initially. It is also important to note that not all animals received are familiar with humans, so an ability to handle cats of this type is required.

To apply, you should have the following:

- Ability to take on the physical aspects of the role inclusive of (but not limited to) lifting, bending, squatting and cat handling
- Previous experience in a role where you were required to handle animals and recognize signs of illness in animals
- Emotional resilience
- Customer service skills
- Relevant tertiary qualifications (desired)

If you think you would be perfect for the role, click the Apply button. You might also like to surprise us in your cover-letter with a few handy skills we never knew you had!

If you still have a few questions about the role, please email Natalie.scaramella@cathaven.com.au.

Applications close Friday 22nd November, 2013.

Please note that we reserve the right to conclude recruitment of this role prior to the closing date.

We will not be accepting applications from labour hire and recruitment agencies at this point in time.
